

Self-Packing Displays

ShowStyle®
Self-Packing Briefcase Display

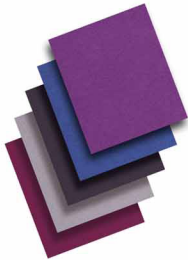

Whether you are a professional presenter or give an occasional report, looking your professional best is vital. ShowStyle's sophisticated curves and clear domed nameplate bring fresh "Style" to your

presentation. Eliminates the need for panels that are awkward and clumsy. ShowStyle morphs from a briefcase to a 48"x24" fabric covered display in seconds. Photos, charts, signs or other visual aids may be attached to the fabric panels by simply using velcro adhesive dots.

Each ShowStyle briefcase includes a white arch-top rigid header. Four attachment tabs allow the presenter to attach the header securely in seconds.

Velcro-ready fabrics available in Purple, Blue, Black, Silver and Burgundy.

Using charts, graphics or photos? Simply apply Velcro dots and press on! Graphics remain in place when you transport ShowStyle.

- Professional Appearance
- Self-Packing/Compact
- Presentation Organizer
- Velcro-Ready Display Surface
- Great For Sales Reps, Managers, Teachers, Trainers, and Recruiters

The header easily packs away into special indentations located on the panel's backside. After a presentation, ShowStyle folds back into a "briefcase" with attached visual elements still in place for transport. You'll love our exclusive hideaway handle grip. Push down to show, pull up to go. Disappears when the display is open. Want to make a good impression? Walk in with ShowStyle and make your next presentation an open and shut case for success.

Includes white styrene header
